**Subject:** Revised Work Instruction for Massachusetts Testing

Attached is the most recent version, dated 10/27/97, of the Work Instruction for analysis of Massachusetts Compliance samples. Changes to 10/24 version are:

- Change of EVENT test to MA-EVENT.
- pH test changed from 1 cigt/port X 5 replicates to 2 cigt/port X 3 repls.
- Carton labels included in ARD's Nic-Fir samples.
- Handcopy of nicotine GC chromatograms to be printed.
- All raw data or copy of raw data sheets are to be given to me to retain.
